

VtM Clan and Bloodline Rarities

This is a table of clan and bloodline rarities by sect, indicating the total number of merit points required to play that bloodline. This is based only on the descriptions in the rulebooks, and is *not* chronicle specific; check with your Storyteller(s) for details.

Storytellers of any chronicle are invited to copy this document and edit the contents to fit their own chronicles. (Bear in mind that the color coding is done manually and will not auto-update.)

* : Yes, this bloodline *does* cost 1 additional merit point in this sect.

† : This bloodline costs more than 6 merit points to play in this sect and would therefore technically require a Restricted (6) merit instead. Expect to ask your Storytellers for permission.
